Early Head Start Health Services Internship – Fall 2013

Description

This EHS health services internship supports services and activities that serve low-income parents of infants and toddlers. The health services intern has a number of responsibilities that help ensure that the health of the program children are maintained as a priority; developing and presenting trainings to staff and parents regarding health/safety/nutrition, assisting with the program health tracking systems, opportunities to present at public events regarding infant/toddler health, data entry, and various other duties to assist the health and disabilities manager.

This is a hands-on internship that provides experience in many areas of the Early Head Start program both indirect service and administrative functions. An educational background in public health or a related field is strongly desired. Spanish-speaking are also helpful, but not required.

Application Instructions

Interested persons should apply via the Kids On The Move Website with Cover Letter, current résumé, and availability. Please visit us at <http://www.kotm.org/jobs/> and submit an application via the website.
