UTAH HEALTHCARE CORPS

An AmeriCorps Program of AUCH

20th ANNIVERSARY

Make a Difference in Your Community:
Join the Utah Healthcare Corps!

CELEBRATING 20 YEARS OF SERVICE

For the past 20 years, the Utah Healthcare Corps has increased access to primary healthcare services for Utahns by reducing economic, geographic, cultural, and language barriers.

As a Utah Healthcare Corps member you will
make a difference in the healthcare community by providing patients with vital health education and translation services, including facilitating health insurance enrollment.

In exchange for 52 weeks of service, you'll receive
$1,250 per month of service, a $5,730 Segal Education Award upon successful completion of service, postponement of qualified student loans, and enrollment in a healthcare plan.
